A FEW MORE THINGS TO KNOW:

- Courses range from beginner to advanced levels.
- You can enroll in multiple courses and there's no completion time limit.
- Most course videos include closed captioning.
- Many courses include assignments, quizzes, coding exercise, or other activities.

The screenshot shows the Udemy course page for 'Photoshop 2022 MasterClass'. The course is presented by 'Gale Presents' and is created by Martin Duhnjak. It has a 4.7-star rating from 9,984 ratings and 55,486 students. The course was last updated on 1/2022 and is available in English, with an Italian auto-subtitle option. The page features a 'Preview this course' button and an 'Enroll now' button. A section titled 'What you'll learn' lists several topics, including learning different selection techniques, retouching photos, keyboard shortcuts, mastering masking, understanding file formats, and learning Photoshop from a professional perspective. A 'Requirements' section lists that any version of Adobe Photoshop (preferably CS6 or newer) is needed, and that prior knowledge is not required. A 'Description' section states that this is one of Udemy's highest-rated Photoshop courses, taught by a top 10 Adobe instructor.

The screenshot shows the course content page for 'Ultimate Photoshop Training: From Beginner to Pro'. The page features a video player showing a landscape image being edited in Photoshop. Below the video player are tabs for 'Overview', 'Q&A', 'Bookmarks', and 'Announcements'. A 'Course content' sidebar on the right lists 21 lessons, each with a duration and a 'Resources' button. The lessons include topics like 'Use Photoshop's Interface Efficiently', 'Customize Your Workspace', 'Create a New Project', 'Save your Photoshop work', 'Optional - Save your work to the cloud', 'Get around Photoshop Fast', 'ACTIVITY: Crop and Straighten Photos', and 'Open Images in 6 Ways'. Below the sidebar, there is an 'About this course' section that states the course is for Master Photoshop CC 2020 without previous knowledge.
